THERE STOOD OLD KENTUCKY.

New York, Nov. 10.—A sweeping victory for Roosevelt and Fairbanks is shown by the returns from Tuesday's national election. The Republicans have carried New York by a majority of about 175,000.

Some Consolation.

John A. Johnson, the Democratic nominee for Governor of Minnesota, probably is elected by a small majority over Robt. C. Dunn, Republican. Roosevelt's majority in Minnesota is about 100,000.

W. L. Douglas, Democrat, is elected Governor of Massachusetts by a majority in the neighborhood of 20,000. Roosevelt carried the state by a majority upward of 80,000.

Indications are that Alva Adams, Democrat, has been elected Governor of Colorado by about 8,000. The state will go for Roosevelt by about the same figure.

Even the most sanguine of the Republican managers were astounded by the result of Tuesday's balloting. Parker's successes are confined to the solid South, and he has not carried a single state that Bryan did not carry four years ago, and he has lost some states that Bryan held safe for his party. The Republicans will have a majority of not less than fifty in the next House of Representatives.

Causes Great Astonishment.

Parker's small plurality in New York City was the cause of great astonishment; the lowest preliminary anti-election estimates have figured that he would go to the Bronx with 100,000 or more. When the reports came in showing that he would lead Roosevelt by only 40,000, they were received with amazement. The Parker plurality in the city was 35,000 less than was given Herrick (Dem.) for governor.

The proportions of the vote for Higgins for Governor was also the cause of great surprise, as he ran far ahead of the Odell vote in the counties, and won by about eighty-five thousand. His plurality above the Bronx was probably 160,000, while Herrick's in Greater New York aggregated about seventy-five thousand. Herrick did not carry Albany, his home county, nor did Parker carry Ulster, in which he lives.

IN MISSOURI,

Roosevelt Carries State and Republicans Claim Legislature.

St. Louis, Nov. 10.—Twenty-four hours after the polls had closed in Missouri found the results of the election still undetermined throughout the State, although it was practically conceded that old Democratic Missouri had succumbed to the Roosevelt landslide that swept the

country, but one Democrat remained standing, he being Joseph W. Folk for Governor. Republicans also claim to have elected five of the sixteen Congressmen, making a gain of four, and declared a majority of two on joint ballot in the Legislature which has before it the election of a successor to Senator Cockrell.

Just previous to the closing of the Democratic State headquarters here to-night Chairman Evans, of the State Committee, said:

"From the incomplete returns in our possession we do not concede, but we look for a republican majority in the State Legislature."

It was claimed that Folk had carried the State by from 25,000 to 40,000 majority; that the rest of the State ticket was safe and that Parker had carried the State by a small plurality. At nightfall these claims were still advanced.

IN OHIO,

Record Broken on Republican Plurality and Congressmen Gained.

Columbus, O., Nov. 6.—The returns from different cities and counties to-night indicate that the Republicans have broken all their records in Ohio. Their highest plurality was 137,000 in 1894 on a small vote, while that of to-day was on a large vote, greatly exceeding one million.

Roosevelt's majority is estimated at from 180,000 to 215,000. The Republicans claim a net gain of three Congressmen. Chairman Garber, of the Democratic State Committee, has no figures to give out on the State or national tickets in Ohio. The Ohio delegation in Congress now stands seventeen Republicans and four Democrats.

NEW JERSEY

Goes to the Bad By 60,000 Majority.

Newark, N. J., Nov. 9.—New Jersey was carried by the Republicans by a bigger majority than even the most sanguine of the Republican predictions claimed. The State gave in the neighborhood of 60,000 for Roosevelt, exceeding McKinley's majority four years ago by 3,000 or more.

Despite a local issue which was used against him and which caused him to be severely cut in some parts of the State, Edward S. Stokes the Republican nominee for Governor, defeated his Democratic opponent, Chas. C. Black by more than 20,000. Eight Republicans and two Democrats will constitute the State's Congressional delegation, a gain of one for the Republicans.

KENTUCKY.

Parker's Majority 10,000 And
Kehoe Hard Pressed.

Several of the Democratic Congressmen May Have Their
Election Contested.

Louisville, Ky., Nov. 10.—Returns from Kentucky are in excepting 154 precincts. Of the missing precincts, eighty-seven are in Republican counties and sixty-seven are in Democratic counties. Without the missing precincts Parker has a plurality of 14,716 over Roosevelt in Kentucky, and on the basis of the vote received, the missing precincts would reduce Parker's majority to a figure not in excess of 10,000.

The returns thus far received give the Ninth, Tenth and Eleventh districts to Roosevelt, but 27 of the 28 precincts missing in the Tenth district are in Democratic counties which should give the district to Parker by several hundred. Congressman Hopkins' majority over Blakey, Republican, in the Tenth is only 73 votes, but the 28 missing precincts in Democratic counties should increase the majority by many hundreds and make his election safe.

Returns received from all the precincts in the Ninth district except one precinct in the Republican county of Carter, give J. B. Bennett, Republican, a majority of ten votes over his Democratic opponent.

The returns give Richardson 236 majority in the Third, but the Republicans still claim the Third and do not concede the Fifth.
